

## Yossi Ghinsberg

Author of "Jungle", a story of survival in the Amazon for 20 days

In the midst of the uncharted Amazon, after losing his three companions, a young Israeli traveller was tested to the extreme through 20 harrowing days of sheer survival. A riveting storyteller, Yossi Ghinsberg sweeps audiences into the depths of the primordial jungle. An experience that must be heard to be believed.

His first book 'Jungle', based on this incredible adventure, quickly became an international bestseller and subject of a Discovery Channel feature length documentary called 'Escape from the Amazon'. Yossi now speaks globally the Power to Survive through unrelenting crisis and change, then how to harness vision to begin thriving in the new reality.

His keynote presentations are suited for organisations looking to inspire and motivate people toward their goals, despite adversity or unfavourable circumstances. Time and again Yossi's presentations leave people on the edge of their seats, as if they have just lived through the experience together. Yossi Ghinsberg is a rare voice of our generation who's compelling presentations are relived for years to come.
