

Robert Laszewski

President of Health Policy and Strategy Associates, Inc.

Healthcare Policy and Reform. Robert Laszewski has over twenty years of experience in the healthcare industry with nearly half of that spent as a COO. A regular contributor to many news outlets including the *Wall Street Journal*, *Washington Post*, and USA Today, Laszewski explains and discusses healthcare policy and reform with a particular emphasis on the Affordable Care Act and Republican efforts to repeal and replace it. Laszewski provides audiences with an honest comparison of incoming and outgoing policy, and explains what potential AHCA changes will mean for organizations and patients alike. Critical of both sides, he also does a tremendous job outlining how changes will affect everyone's bottom line: cost. Laszewski provides a useful outline for groups looking to understand what changes to government-provided healthcare mean in practice, who they impact most, and what the healthcare industry can expect to see when this debate is said and done.
