The Power of a PMA (Positively Magical Attitude)! The single most important factor in success is attitude. A positive attitude directly impacts the bottom line because it improves performance, reduces turnover, and decreases absenteeism. Best of all, a fabulous attitude is contagious. Help your staff embrace change with a smile, adjust to hardship with optimism, and strive to be their best each and every day by experiencing the “Magic of Attitude!” This unique and energetic combination of entertainment, comedy, and enlightenment allows world-class illusionist Billy Riggs to demonstrate how attitude and performance are inextricably linked, and motivates your staff to turn their new attitude into profitable action. Funny attitude speaker Billy Riggs is just what the doctor ordered!

How to Become a Born Leader. Bosses are a dime a dozen; leaders are priceless. Employees obey bosses only because they fear they will be rendered more miserable if they disobey than if they obey. Morale suffers, key people depart and productivity sags. But a genuine leader inspires team members to want to do their work. Employees follow true leaders out of respect and admiration. They work out of a sense of shared ownership of goals and passion for the fulfillment of a noble mission. Learn the keys to climbing the “Leadership Pyramid” through six distinct stages – from a man who’s been to the top of the pyramid twice – and begin the rewarding journey from mere boss to leader. Better still, you’ll learn while laughing through an entertaining and fun program. More than any other topic, Billy Riggs is a leadership motivational speaker. He is a natural and highly effective leader and will help you become one, too.

It is delivering service with the style and flair of a Broadway musical. In this hilarious, entertaining and keynote, Billy reveals how to add a magic touch to every customer encounter.

The Magic Formula for Mastering Change. The lone constant in life is change. Turnover, improving technologies, increasingly-savvy customers and an evolving marketplace force companies and their employees into an uncomfortable choice: constant reinvention or guaranteed obsolescence. Your people will learn to reframe change as growth and refuse to become it’s victim. Attendees will be infused with new confidence and determination to instead become its master. Book this program and watch morale transform, productivity rise and enthusiasm return. Discover the “Grand Illusions” (hidden misconceptions) that make change so difficult and learn to embrace it as a welcome friend, all rolled up into an unforgettable synthesis of enchantment, empowerment and entertainment.

Positively Magical Selling! Demolishing the psychological barriers that limit salespeople and unleashing the attitudes that makes them soar! Effective selling is the result of accurate beliefs – beliefs about the marketplace, your prospects, lead generation, clients, and yourself. Consequently, your greatest obstacles to stratospheric sales success are your illusions, faulty beliefs that lurk in the subconscious mind to lower self-confidence, undermine motivation, and reduce closing ratios. In this fascinating combination of classic magic, humor, and education, professional illusionist Billy Riggs helps eliminate these psychological glass ceilings, propelling your sales force to more leads, higher sales and greater profits. Billy Riggs is a hilarious motivational speaker and magician, and your people will talk about him the whole year!
