

Daniel Gros

Director of the Centre for European Policy Studies

Europe: Politics and Economics

- The EP elections: a vote against Europe or a vote against national politics?
- The agenda for the next European Commission
- The Franco-German alliance: can it continue to serve as a motor for Europe?
- The economic pain the EU periphery: Is it all the fault of the euro?
- Do we need a European Finance Minister? No need for a master plan from Brussels
- The next move for the ECB
- Quantitative easing for the euro?
- Security of gas supply in Europe?
- Russia and Europe (Russia in Europe?)

Global Economic Issues

- The global economy in 2030: what will be the place of Europe?
- Asian growth pattern: are they sustainable?
- The global race for better education: is Europe squandering its potential?
- China and the EU in the global economy
- Brazil and the EU in the global economy
- Learning from small countries? : contemporary Nordic sagas
