

## Sudip Bose

Leading Emergency Physician, Media Health Correspondent, and Former Army Physician

**Combat to Corporate America: Leadership Lessons from the Battlefield and Emergency Room.** Drawing on his battle-tested experience on the front lines from combat to the ER, Dr. Bose teaches audiences how to build powerful professional relationships and quick decision-making skills in high-stress situations.

**The Politics of Healthcare: Caring for Today's American Families for a Healthier Future.** From his time in the ER to conversing directly with senators and other leaders on Capitol Hill, Dr. Bose shares in on-the-ground perspective of the most prominent needs and solutions for healthcare reform today.

**Take Charge of Your Inner Army: Nutrition Boot Camp for Healthy Leaders.** Keep your inner army strong! In this presentation, Dr. Bose shows audiences how to keep themselves and their organization healthy for optimal performance and success.

**The Faces of America's Workforce: Cultural Diversity.** In this talk, Dr. Bose will discuss how understanding different generations and cultures can help you increase sales and foster genuine bonds within your organization.

**Command Your Future: Leadership Beyond the Classroom.** Our next-generation leaders need a better understanding of the "real world." In this presentation, Dr. Bose will share his toughest battles to help our future leaders succeed.

**The Battle Continues: Honoring Our Soldiers and Carrying Forth the American Dream.** Dr. Bose will share the true experiences and trauma our veterans face, and how we can carry on supporting them beyond their time in active duty.
