

## Dr. Myron Rolle

Former NFL Player, Neurosurgeon, and Humanitarian

**Lessons Learned from the NFL to Help Fight COVID-19.** Former NFL player and sought-after speaker Dr. Myron Rolle is now on the front lines against COVID-19. He describes the similarities in battling his opponents on the football field to the spread of coronavirus.

**Equip Your Tool Belt.** Equip your tool belt is a five-layered speech that touches on some of the key facets of one's person that can help individuals find purpose and vision for the future. This is an easily digestible metaphorical talk for younger audiences.

**World's Stage.** Named after a play on William Shakespeare's quote used to illuminate Black History, this talk is meant to invigorate audiences in the present and motivate them into the future.

**Beyond the Surface.** Dr. Myron Rolle delivers this service-oriented speech to challenge audiences to mobilize their intrinsic passions. This example-laden talk connects on a personal level with students, young professionals, and beyond.

**Remote-Control Body.** This health-focused discussion touches on personal and external controls on the obesity epidemic and how a "remote control" analogy can help make sense of the leading obesogenic scholars' finding.
