Artistry of Leadership--Creating Meaningful Connections. Kevin is the creator of the groundbreaking keynote and Leadership and Development experience, Artistry of Leadership--Creating Meaningful Connections, which is transforming the practice of leadership around the world and helping corporations and organizations to achieve unprecedented creativity, collaboration and productivity.

With a Yamaha Grand Piano as the focal point and Kevin's original piano music as the medium, Artistry of Leadership draws parallels between the competencies of performing artists and business leaders. Together, the message, music and insights give participants the keys to inspired leadership that drives significant, long-term improvement in business performance.

Artistry of Leadership can be presented for groups from 25 to 3,000 and is ideal for:

- Conferences, conventions, seminars, workshops, leadership forums
- The closing keynote to help attendees consolidate their learning from the conference and prepare to implement their learning upon their return home
- The leadership track of a conference, which can be one or multiple concurrent sessions
