Adrienne Elrod

President, Elrod Strategies

The Recent Presidential Campaign. As a Senior Advisor and Senior Spokesperson for both the Harris for President and Biden Re-elect campaigns , Adrienne provides a detailed analysis of the strategies, successes, and lessons learned from three pivotal presidential elections.

The Future of the Democratic Party. With experience as the senior aide on all three presidential campaigns against Donald Trump (2016, 2020, 2024), Adrienne witnessed firsthand the realignment of both major political parties and in particular, the consistent loss of working class and Latino voters within the Democratic coalition. Adrienne offers unique insights into the evolving dynamics of the Democratic Party, the realignment of voter bases, and the strategies needed to build a winning coalition for the future, advocating for a centrist message inspired by her former boss, President Bill Clinton.

CHIPS and AI: Transforming America's Economic and Tech Leadership. Drawing from her leadership in CHIPS for America, Adrienne discusses the transformative impact of semiconductor and AI investments, their role in reshaping local economies, strengthening our national security, and how they position the U.S. as a global leader in technology and innovation.
