

Jon McNeill

Former President of Tesla, Former COO of Lyft, CEO of DVx Ventures

When it comes to scaling businesses, few leaders have been more impactful than Jon McNeill, past President of Tesla, and former COO of Lyft and current CEO and Co-Founder of DVx Ventures. In his talks, he reveals powerful strategies for leveraging AI and a blueprint for accelerating growth?? insights that successful leaders can apply immediately.

As President of Tesla, Jon helped grow revenue from \$2B to \$20B in just 18 months. At Lyft, he served as COO during a critical growth phase, doubling revenue and steering the company toward its IPO. Using stories and experiences from these transformative roles, he translates complex growth playbooks into clear, actionable lessons that organizations can use to drive innovation, scale effectively, and achieve meaningful impact.

A visionary entrepreneur, investor, and operator, Jon has a proven track record of driving hypergrowth across some of the world??s most disruptive industries. At DVx, he leads a venture studio that has launched 12 companies tackling large-scale market opportunities. A six-time founder, Jon has built and scaled companies that have created tens of thousands of jobs and delivered 9x returns to investors. He is exclusively represented by [Leading Authorities speaker bureau](#).

Jon currently serves on the boards of General Motors, Lululemon, Asurion, CrossFit, and Stash. He played a pivotal role in Lululemon??s turnaround, contributing to a 5x increase in stock value. He also sits on the Liquid AI Advisory Council.

A frequent speaker and guest lecturer at Harvard Business School, MIT Sloan, and Stanford GSB, Jon is known for delivering practical, actionable insights on innovation, leadership, and scaling operations.

In his book, *The Algorithm: The Hypergrowth Formula That Transformed Tesla, Lululemon, General Motors, and SpaceX (March 2026)*, Jon shares a behind-the-scenes look at how iconic companies scale and outlines a playbook leaders can use to drive sustained growth and impact.

Jon began his career at Bain & Company and is a graduate of Northwestern University.
