Kirk Bado

Editor of The Hotline, Political Analyst

The Road to 2028: What the General Election Will Reveal About America's Future. Kirk unpacks how the fallout from the 2026 election is reshaping voter sentiment and party strategies on both sides of the aisle. He explores the rapid changes underway that will define the 2028 general election. With clarity and on-the-ground reporting, Kirk shows how these dynamics could reshape Congress and the country at large. His forward-looking analysis helps organizations and leaders anticipate what the next election cycle means for the country's political and policy direction.

Gilded or Golden Age? How Trump's Presidency Shapes the Next Elections. Kirk examines Trump's presidency through the lens of what it means for the future of American politics and the 2026 elections. From the unprecedented wave of executive orders to his strained relationship with Congress, he highlights how these dynamics continue to influence voter trust and institutional power. By comparing Trump's early presidency to his return eight years later, Kirk reveals what has shifted in the political landscape and what hasn't. He also addresses the rise of political violence and polarization, offering audiences a clear understanding of how these forces could shape the next election cycles.
