

Jean Chretien

Former Prime Minister of Canada

The Current State of Civilization and The Topics That Affect the World Prime Minister Jean Chrétien brings the insights of his extraordinary career to discuss the universal themes that affect the world community. From globalization to security, from politics to economics, his dedication to making the world a better place comes across with every keynote. He speaks his mind and talks from the heart—about the people, the policies, and the current state of civilization, and where we can go from here. One of the most respected world leaders, he addresses globalization, the economy, security, and social matters. A speaker of great majesty and enthusiasm, his presentations are rousing addresses that tackle the issues that impact the world and demonstrate how people can make a difference in their societies to ensure a better global future.
