

Rory Stewart

Former Cabinet Minister, Bestselling Author & Leading Voice on Geopolitics and Global Affairs

Geopolitics, Democracy & the New World Order An insightful analysis of the political, economic, and security forces reshaping the global landscape — from great power competition and populism to the future of liberal democracy.

Leadership in an Age of Uncertainty Drawing on experience in government, diplomacy, and conflict zones, Rory Stewart explores what effective leadership looks like during periods of instability, polarization, and rapid change.

The Future of Politics & Public Trust Examining why trust in institutions has declined, how political systems are evolving, and what leaders can do to rebuild confidence and social cohesion.

Global Risk, Conflict & International Relations A compelling look at the world's geopolitical flashpoints, including Europe, the Middle East, Russia, China, and the shifting balance of international power.
