Ruth Gotian

Global Expert on High Achievement, Award-Winning Author, and Leading Authority on Mentorship & Leadership Development

The Success Factor Buckle up for an exhilarating workshop experience, guided by the principles outlined in the groundbreaking book, The Success Factor. Explore the secrets of high achievers and supercharge your performance by identifying your passion through a dynamic Passion Audit, mastering the art of mentorship, building a dynamic mentoring team, cultivating a community of practice, fueling your interests through informal learning, and mastering the delicate balance of time and energy. And that's not all – attendees have the exclusive opportunity to grab bulk copies of "The Success Factor" for a deeper dive into these transformative concepts. Customization options, from personalized forwards to unique book bands, ensure a tailored experience that goes beyond the ordinary. Elevate your aspirations, unlock your potential, and join us on this thrilling quest for success!

Relationships Over Transactions Participants will not only grasp the benefits of building professional relationships but will also master the art of utilizing a minimum of three platforms for networking, both in person and virtually. Elevate your introduction game to leave an indelible mark, reducing networking anxiety with the strategic deployment of powerful 'starter sentences.' Get ready to revolutionize your approach to professional connections and step into a world where meaningful relationships thrive, transcending physical boundaries. And that's not all – attendees have the exclusive opportunity to grab bulk copies of "The Success Factor" for a deeper dive into these transformative concepts. Customization options, from personalized forwards to unique book bands, ensure a tailored experience that goes beyond the ordinary. Elevate your aspirations, unlock your potential, and join us on this thrilling quest for success!

Mentorship Mastery Be the mentor everyone dreams of, fostering success and propelling your mentees to new heights. Learn the art of creating a dynamic mentoring team, master networking strategies, amplify voices on the mentor-sponsor continuum, and unlock the keys to approaching your next mentor or mentee. Explore the vital skill of identifying toxic mentors (tormentors) and discover why being both a mentor and a mentee, regardless of your rank, is crucial for a thriving career. Let's redefine mentorship together!
